Where the Action IS

In today's fast-paced generation, society places great demands on the individual to keep up with its ever-quickening tempo. This demand makes both mental and physical celerity imperative for survival in our highly competitive world. This need for mental and physical action is extended even to our school life at Greencastle. Physical action is evident in our intrascholastic and interscholastic athletic programs, band and choir concerts, class plays, and club dances, while mental action is apparent in all aspects of academic life here. The many facets of G.A.H.S.' action have been caught in step and reflected to you in this 1967 edition of the *Conococheague*.

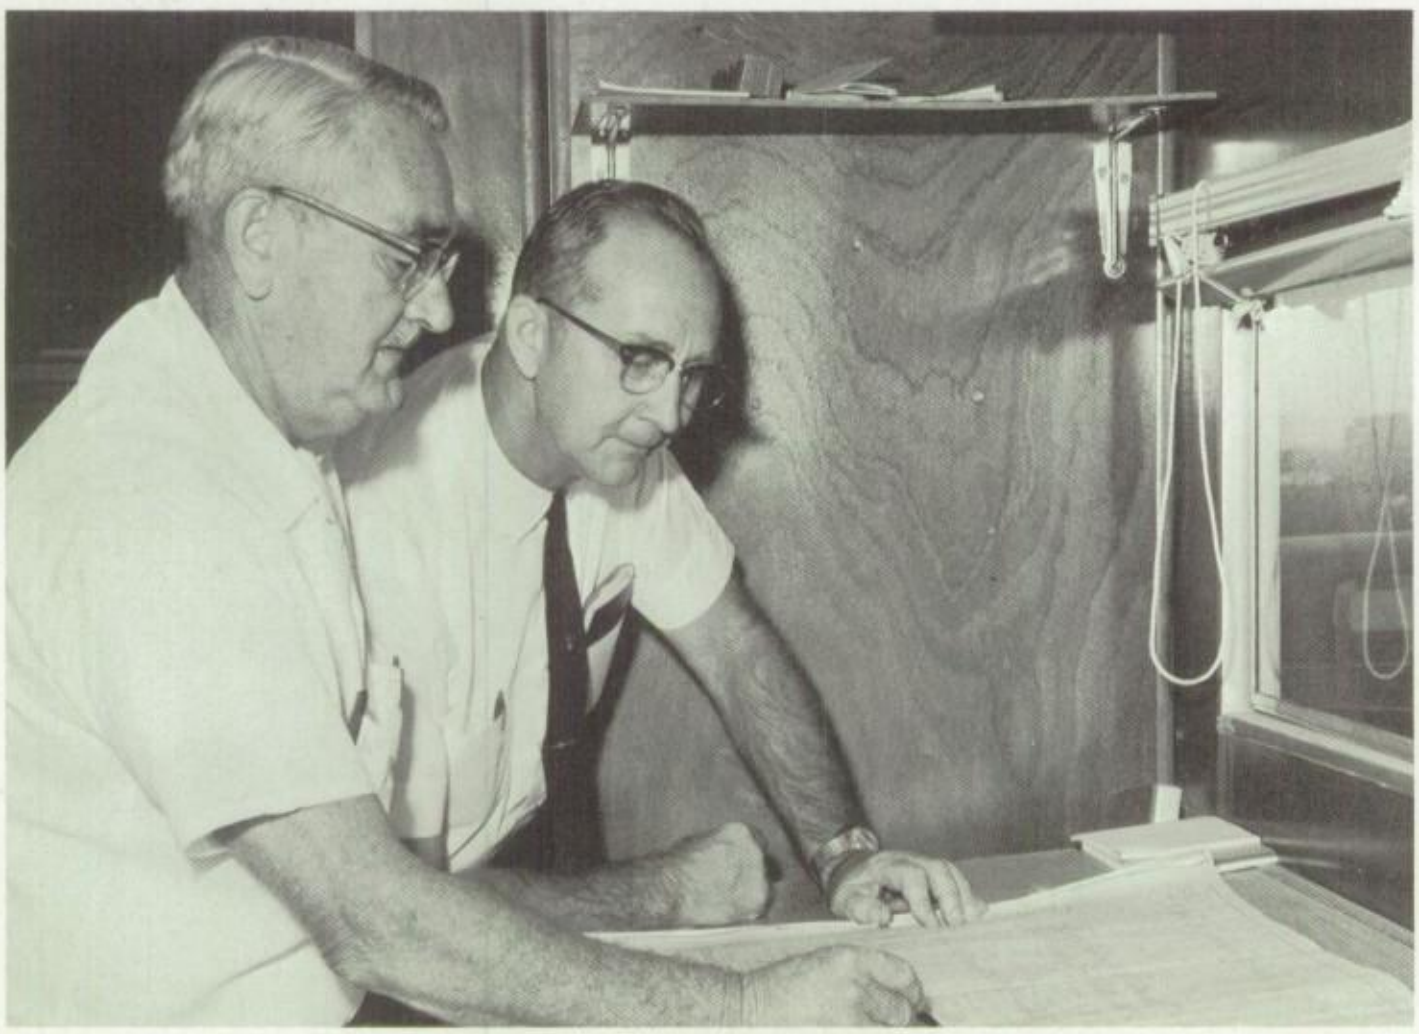
Dedication

The job of a librarian entails many large but also many minor duties—small time-consuming chores—which require great patience and a more than willing nature to help others.

To Miss Thelma Rowland, who has fulfilled this position with an enduring and unrelenting zeal and has become an indispensable asset to the smooth-functioning of the Greencastle-Antrim High School, we the 1967 staff of the *Conococheague,* proudly dedicate this book.

Administration Supervises Construction, Plans

Mr. William P. Conrad, Supervising Principal of the Greencastle-Antrim Schools, with the help of his secretary, Mrs. Audrey Broyles, finds a curriculum guidesheet in his files.

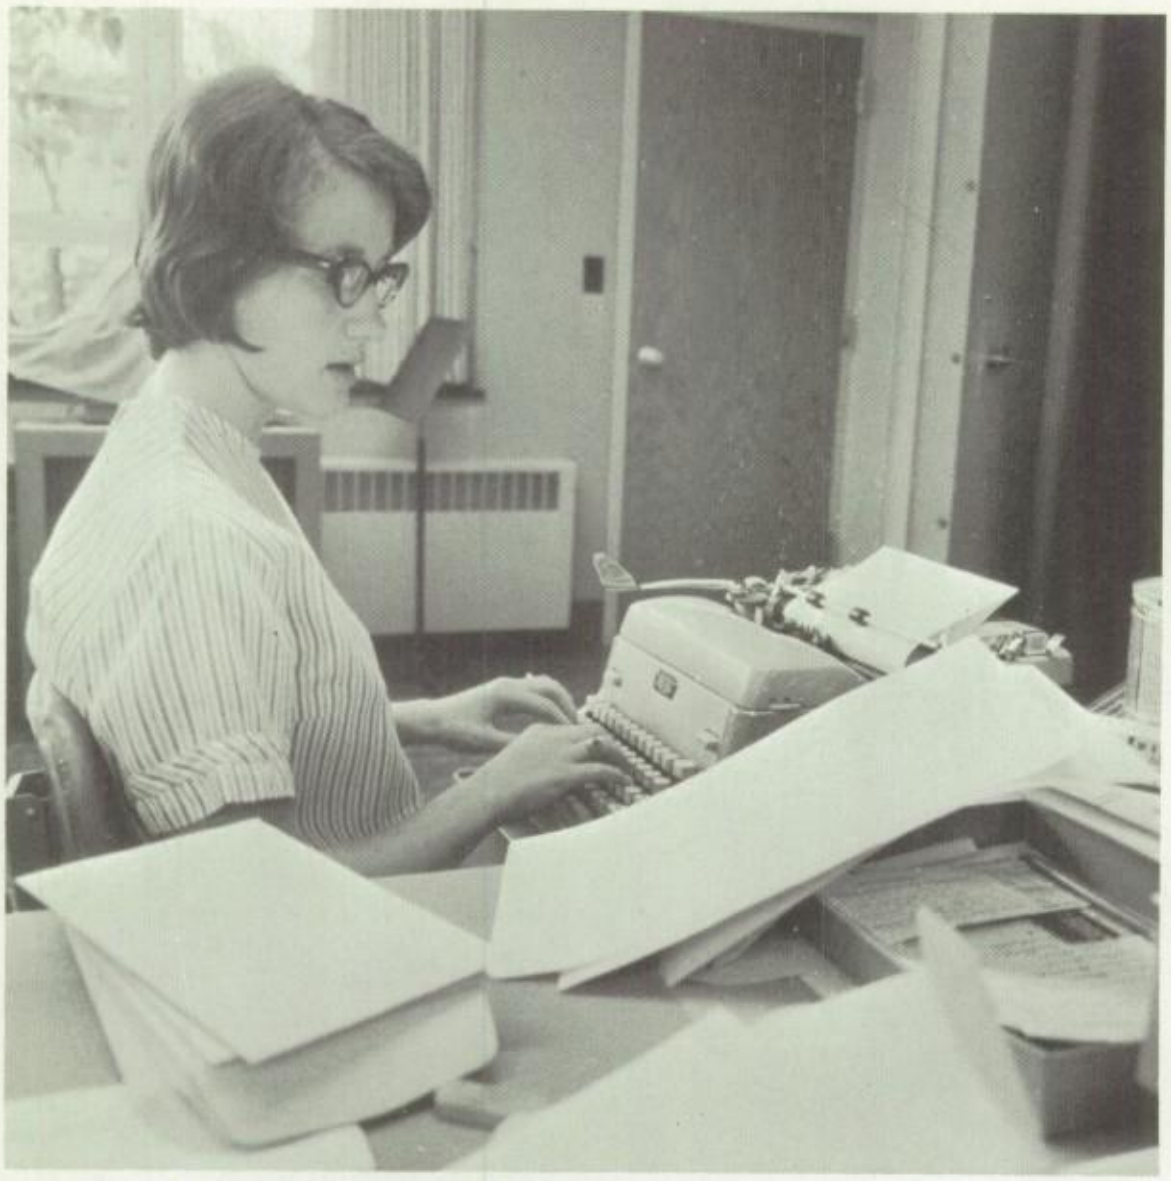


Mr. Cole explains his plans for the new school to be completed by the fall of 1968 to Mr. Coldsmith, G.A.H.S.' Business Manager.

Curricula, and guides students.

Cooperating to control the "action" at G.A.H.S. are two devoted educators, Mr. William P. Conrad and Mr. James R. Martz. With the help of the faculty and the guidance department, they plan student curricula. These men also give assistance with extracurricular activities: student council projects, publication problems, interscholastic arrangements. Of course they control the student body with firm, but fair, disciplinary actions. But in spite of their many responsibilities, Mr. Conrad and Mr. Martz always seem to have time for that most important "action"—individual conferences with their students.

Mr. James R. Martz, High School Principal, checks to see that the P.A. system is operating correctly before Lorraine reads the morning meditation.



Miss Ruby Scott types some information for attendance registers, one of her many duties as School Secretary.

Providing necessary information to visitors to our school is one of the duties of Miss Joanne Ackers, a secretarial assistant.

Skills To Benefit Students

The custodians, cafeteria workers, and secretaries contribute much toward the efficiency of the school. Our custodians, supervised by Mr. George Elliott, work hard to keep our school clean and orderly. The cafeteria workers add their touch by providing us with a well-balanced meal daily. Keeping records, answering questions and typing transcripts are only a few duties that keep our secretaries busy.

Gives Students Insight into Their Own Lives

Regardless of what career a student wishes to pursue in life, a working knowledge of basic English will be essential to his success. Our English department suffices this need by laying a firm foundation in grammar and literature studies. In Junior High, students learn basic grammar and apply these fundamental skills in writing original poetry and compositions. Senior High students search literary classics for solutions to modern-day problems. Class discussions invite fresh thinking and promote creative writing.

Realizing the effectiveness of visual aids in the classroom, Mrs. Fitz arranges an attractive display bulletin board on the traditional American Thanksgiving.

The languages offered by our school—Latin, Spanish, and French—acquaint students with the cultures of Italy, Spain and Mexico, and France and give them a better understanding of the people of these countries. Latin students are made aware of the great influence of Latin on our own language by vocabulary and word derivation studies. In Spanish class, oral drill is emphasized. Students learn of Mexican and Spanish customs through textbook studies and newspapers. Our French instructor, Mrs. Champion, last year instituted a French banquet which she hopes becomes a school tradition for all French students. The menu and entertainment for this event was prepared "in français" by the members of the French classes.

Next step—utter confusion in traditional Mexican style as the students scramble for piñata's store of cookies, candy, and surprises.

Under the guidance of our competent English teachers, our students are offered many varied and interesting courses and projects. This year the eighth grade had a detailed look at the news world by making a newspaper notebook as a beginning project. As an introduction to Charles Dickins the freshman class read *Great Expectations*. The sophomores and juniors were given an insight into American and English literature by reading such books as *A Tale Of Two Cities*. After studying ballads, some of the senior classes wrote and presented original ballads. Other groups practiced skills which will help them secure a position in the occupation of their choice. The writing of term papers culminated the end of senior projects.

Mrs. Kemmler discusses a special edition of the Practical English Magazine on Communications Media with the 11-B1 Section.

The probability of students at G. A. H. S. taking different, more advanced math courses in future years is very likely. In past years the fundamental courses have been algebra, geometry, and trigonometry which prepared the students for advanced studies concerning such topics as topology, permutations, and inequalities. Business math gives business students training for careers they wish to enter upon graduation. This year, a new subject has been added—calculus. Two seniors are studying this through the use of Encyclopaedia Brittanica Program Materials. Mathematics is growing in every aspect, and our Mathematics Department is continually growing and advancing with it.

History is the study of important events arranged in chronological order. There are various histories studied during junior high; these consist of world history, United States history, Pennsylvania history and civics. Each grade participates in different projects; for instance, seventh grade students study early civilization, make replicas of castles and weapons that were used at that time. Eighth grade students study from early exploration up to reconstruction after the Civil War. Special essays are written on historical events such as the buring of Chambersburg. Ninth graders hold mock elections where the students campaign and make speeches.

nto Perspective With The Past

History is broadly used to embrace an account of everything that undergoes change. In tenth grade the development of man from ancient times to the present is studied in world cultures. Juniors study about current happenings, and the constitution is explained. In the spring they take a one day trip to Washington, D. C., to visit places of historical events. The seniors buy stock, and spend a day at court in Chambersburg, witnessing court procedures. They take a three-day trip to New York to visit places of interest.

The senior high science department prepares students for future careers in fields of chemistry, biology, and physics. In chemistry, juniors study the concept of the mole and the elements in the make-up of our earth. Biology, taken by sophomores, deals mainly with animal and plant life. Seniors learn the "how" and the "why" of the world around us in physics.

In general science, junior high students study the basic elements of geology, astronomy, simple machines, and the habitat and adaptation of plants and animals in preparation for the more specialized areas of science in senior high.

Home Economics Developes Versatile Women of Tomorrow

Miss Malkin helps one of the senior girls with her prom gown.

As we go through school, there are certain skills which we must acquire by working with our hands and minds together. Home Ec. and shop fulfill these needs. Junior high girls are instructed in good grooming, operation of the sewing machines, and cooking. Senior high girls also cook and sew, but they are given the opportunity to choose their own projects. Making gowns for the prom and staging mock weddings are senior projects this year.

Boys are taught how to use the shop machines safely. Wood, plastics, and metal are used in making projects. Various occupations which can be pursued in the field of agriculture are learned, and all of these skills are used later in the home and industry.

Supervised by our physical education instructors, the gym classes exercise vigorously and improve their skills in many sports. They learn rules, rudiments, and team work, starting at the beginning of the year with hockey and soccer. They then go on to basketball, volleyball, softball and gymnastics. Written tests along with skill tests are given to the students to measure their achievement. Further enjoyment of these sports is provided in activity periods with intramural competition.

Miss Martin helps Mary Ann in selecting a college.

Our Guidance Department, under the direction of Miss Martin, Miss Williams, and Mr. Jones, has advised students on problems ranging from answering the seventh-graders' question, "Where is the lost and found department?" to helping the seniors with their more weighty problems concerning further education or employment after graduation.

To further our students' ideas of adjustment and requirements of colleges, business schools, trade and technical schools, the Department invited the previous year's graduates back to talk with senior high students.

Group guidance classes are held each year for seventh, eighth, and ninth graders. Class discussions, films, tapes, and speakers are featured.

Driver training not only gives students an opportunity to learn the skills of driving but also offers them the necessary experience to learn the responsibility of driving. First, the book work in driver education classes must be passed so that students can receive instruction in the car. The knowledge of the parts of the car, safety, driving in the city and on superhighways, vision and emotions of the city are studied and stressed in the driver education classes; psycho-physical tests are administered to those in driver training.

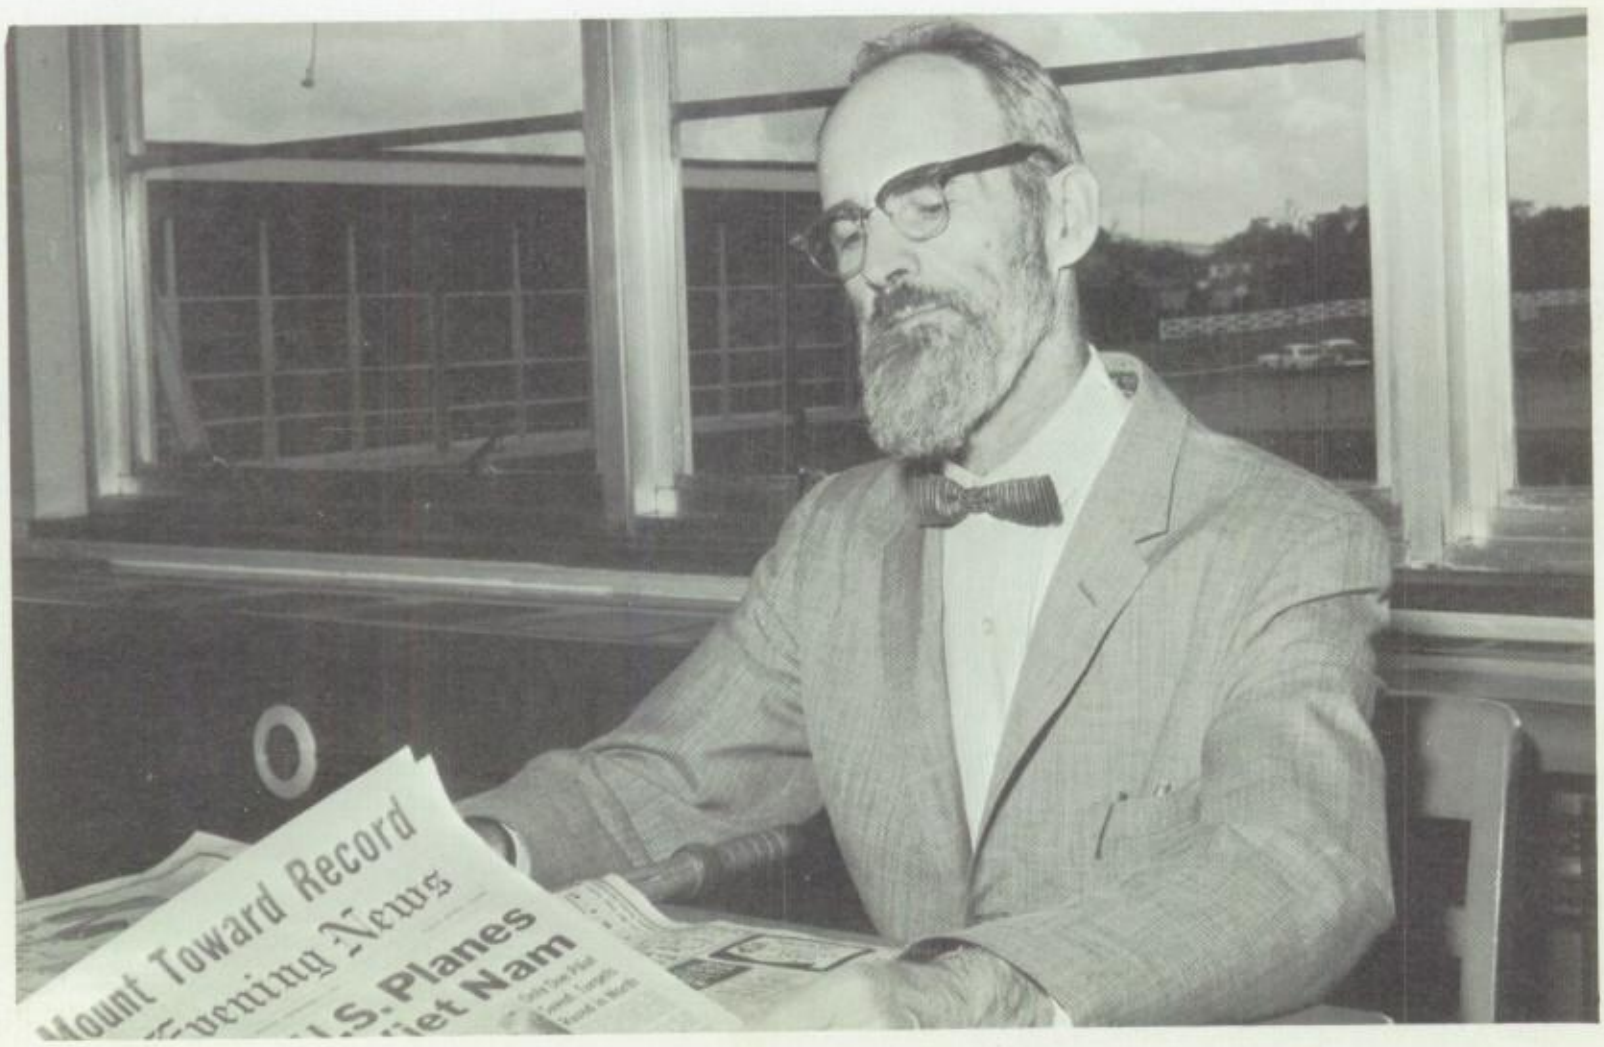
To keep up with the flow of modern literature, the library during different intervals, orders books with the help of federal funds. This year approximately six-hundred books were ordered from a state list provided by the Department of Public Instruction. Books appealing to the various tastes of high school students were obtained.

Learning how the library operates, the student assistants benefit both the school and themselves. Besides becoming familiar with the fundamentals of library work, the assistants help the librarians, other students, and the faculty.

Offering the key to ideas of the past, present, and future, the library benefits the students and faculty by presenting information on current and past trends in all subjects.



During his spare moments Mr. Byers pauses to catch up on the latest world happenings by making use of the many facilities of the library.

Plays, Projects, and Prom

Finally, after twelve years of hard work, we can say we are seniors. Next year we will be entering new walks of life—college, business school, marriage—but we will never forget any of the wonderful years at G.A.H.S.

As sophomores, we elected class officers for the first time. We sold ham sandwiches as our class project, paid dues, chose our class colors of navy blue and white, and ordered our class rings. We also chose our class motto, "The kite of success flies high on the winds of knowledge, experience, and opportunity."

When we became juniors, we proudly displayed our class jackets and rings and sold calender towels for our money-making project. We presented our first class play, "Take Her She's Mine," which was a huge success. The highlight of the year was our Junior-Senior Prom; its theme was "Evening In Paris."

Our senior year consisted of the class project—selling hoagies—the prom, class pictures, and the New York trip. Finally came Baccalaureate and Commencement. Then we went our separate ways; however, we will always remember the experiences we have had at G.A.H.S.

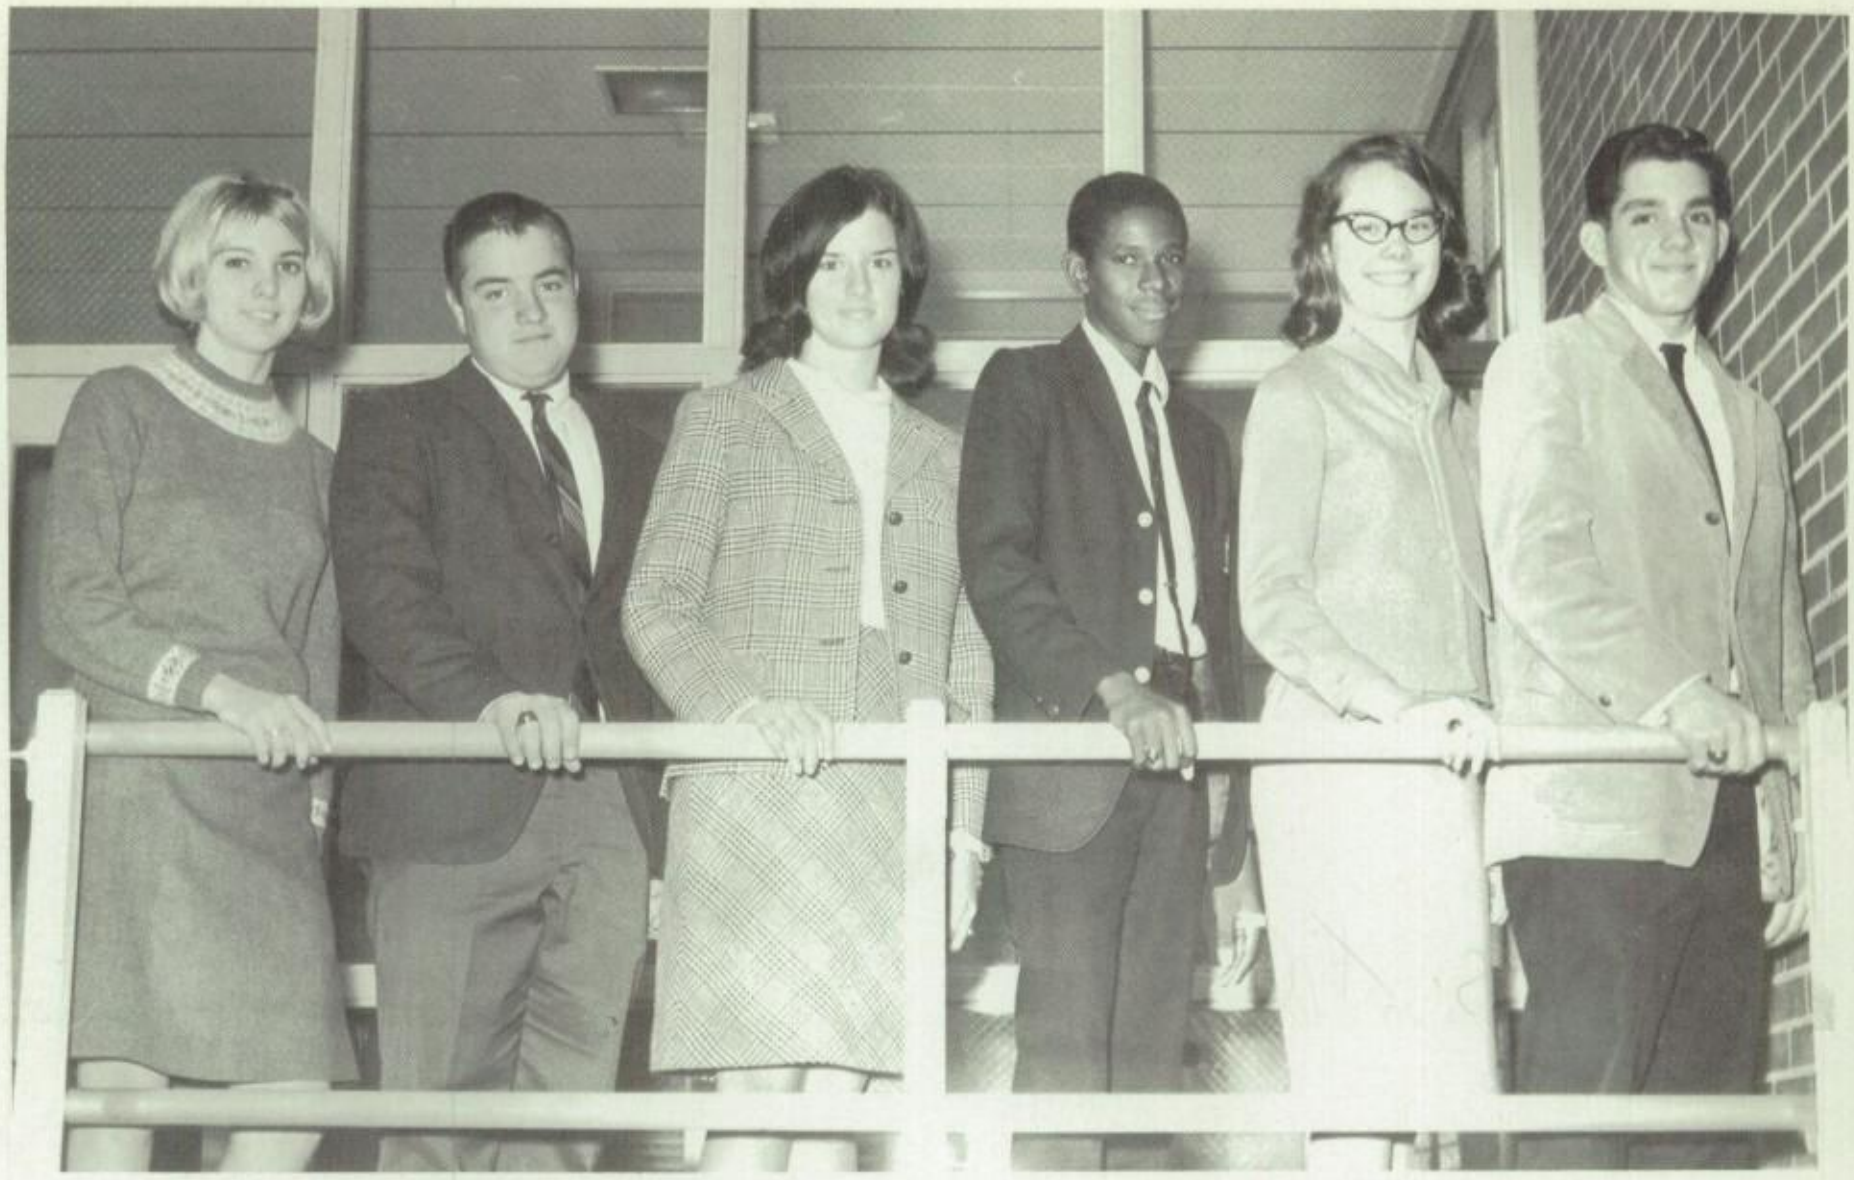
UNDERCLASSMEN



Secretary, Sandy Cordell; Vice-President, Barry Keller; Treasurers, Barb Oliver, Greg Colbert; Historian, Cynthia Sellers; President, John Young.

At last we are Juniors! Along with our increased status and busy social life come many new and challenging responsibilities.

For the first time we found ourselves working on the yearbook staff or becoming a member of the National Honor Society or taking a more important role in our other extracurricular activities. Juniors were a necessary part in the success of our athletic teams in soccer, basketball, cross-country and track. We displayed our talent in dramatics and singing in the all school production of *Bye, Bye Birdie.*

Our busy schedules lead us into many new areas of study: chemistry, bookkeeping, French, geometry, and shorthand.

This year our class elected both a boy and girl treasurer. The class of '68 also became the first to elect a historian. It is the historian's job to record in writing and pictures the activities of our class during our high school years. Our class committees were busy choosing a class motto and song.

The arrival of our class rings and camel and white class jackets was the final step in making us truly upperclassmen.

Our year was highlighted by our long anticipated class trip to Washington, D.C. In the spring the Jr. Sr. Prom completed our year, and we left behind pleasant memories of our unforgettable year as Juniors.

Sophomores Elect Class Officers For First Time

President, Ben George; Vice President, Gary Trumpower; Historian, Galen Hess; Treasurer, Susie Hartman; Secretary, Karen Kendall.

The sophomores stepped into senior high life with their first class meeting and first class officers. Helping the class to overcome any obstacles were their advisors, Mrs. Gorman and Mr. Carmack. Heading the list of class projects was the event of selling Easter rabbits and eggs. Project committees were formed to choose their class colors. At the close of this year the sophomores ordered their class rings which will arrive at the beginning of the next school year.

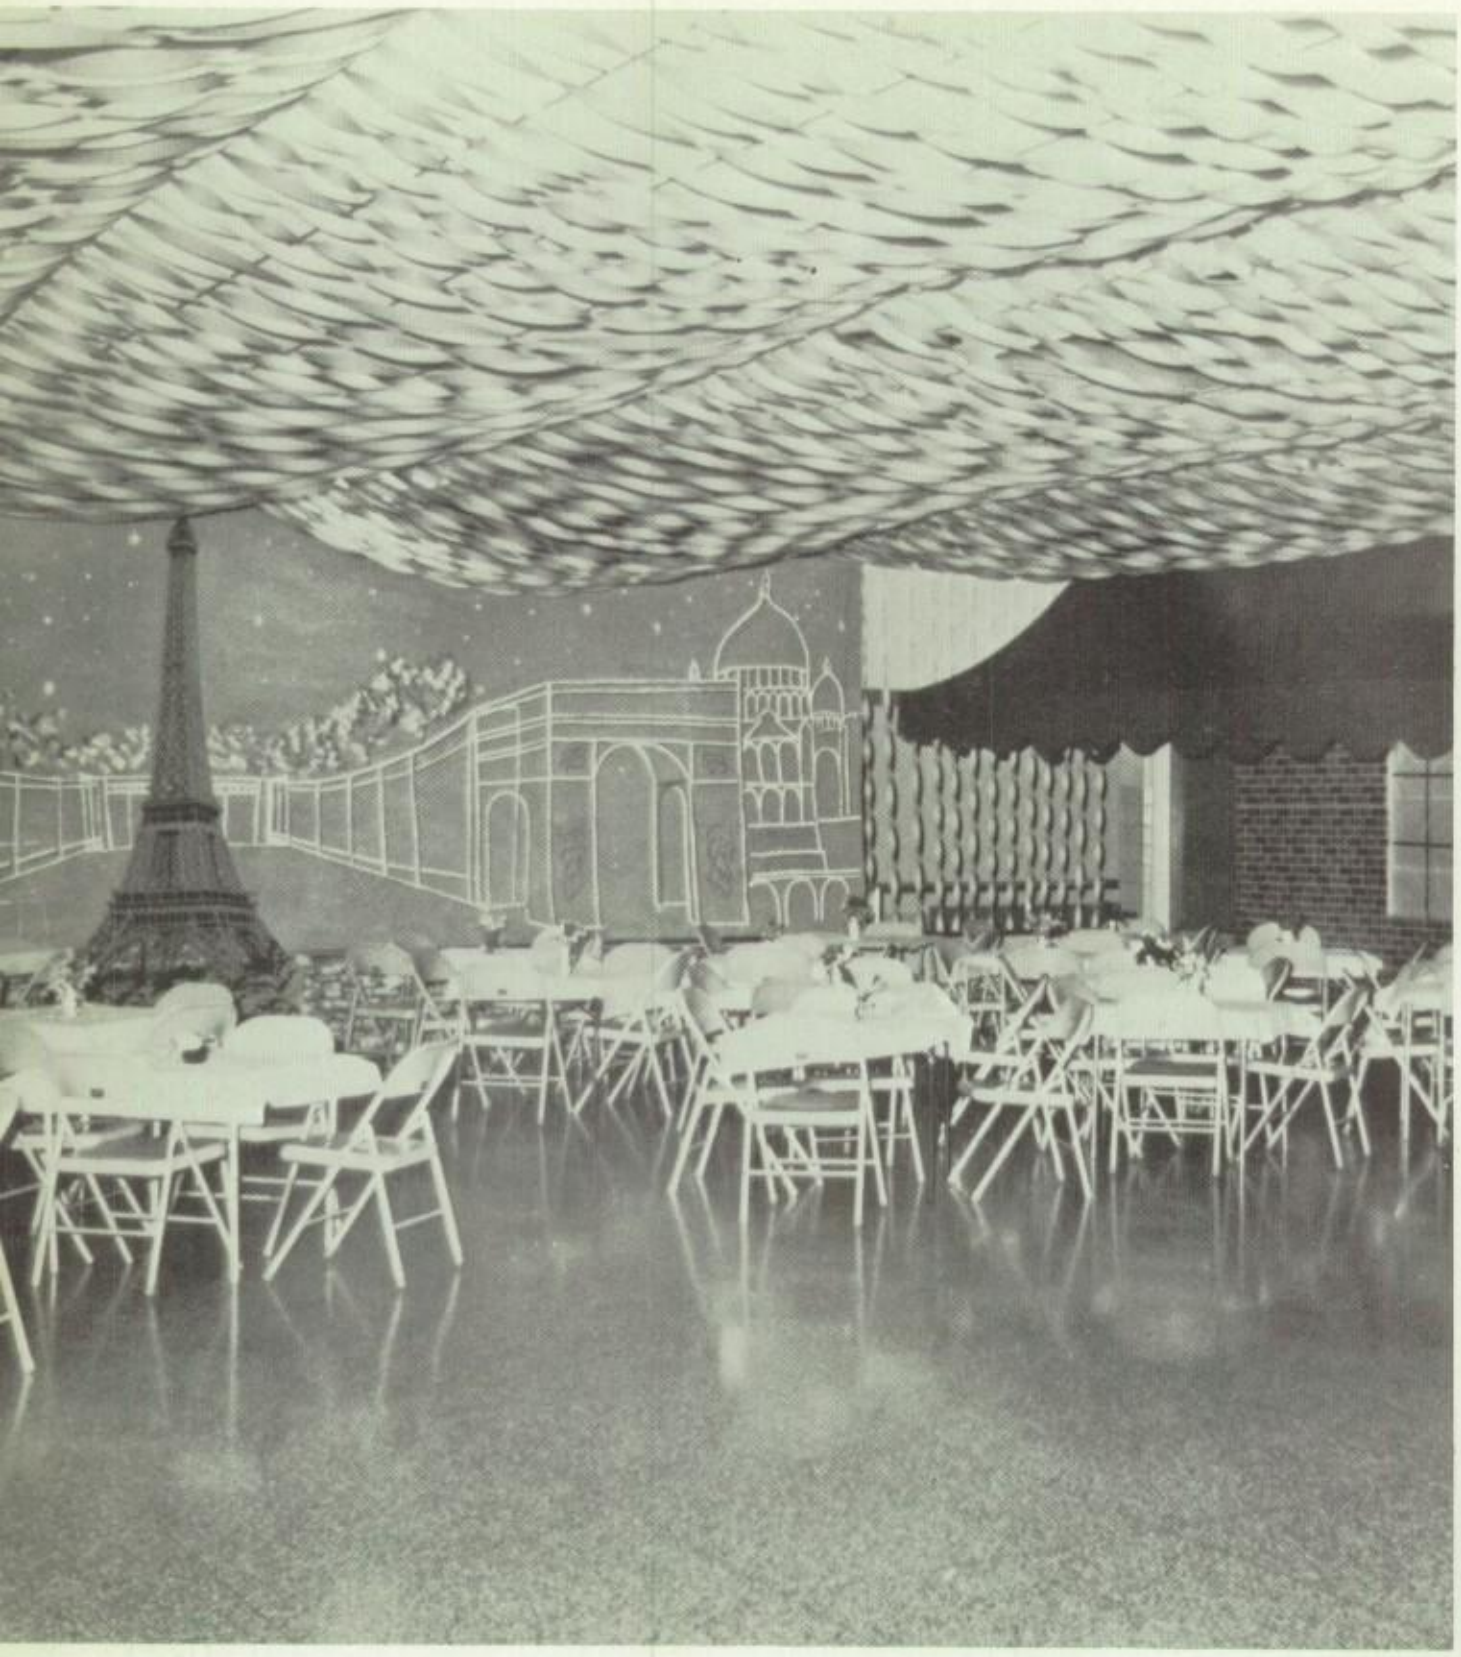
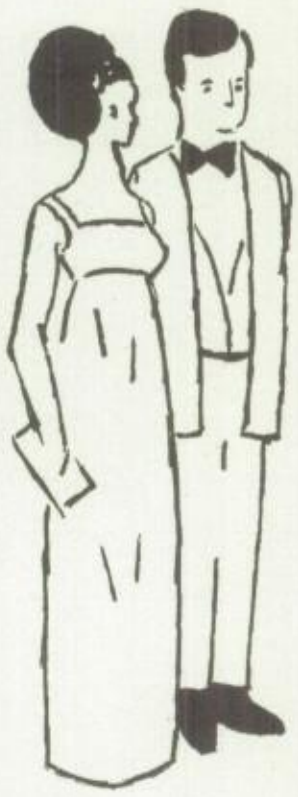
STUDENT LIFE

An Evening In





Paris Comes True

The scene was set: A star-lit Parisian sky, a perfect view of the Eiffel Tower from an excellent vantage point in a small, gay, open-air cafe, and soft music to dream or dance to.

"An Evening in Paris," given in honor of the class of "66" by the present senior class, was truly the crowning event of a memorable year.

We Didn't Need A Spaceship

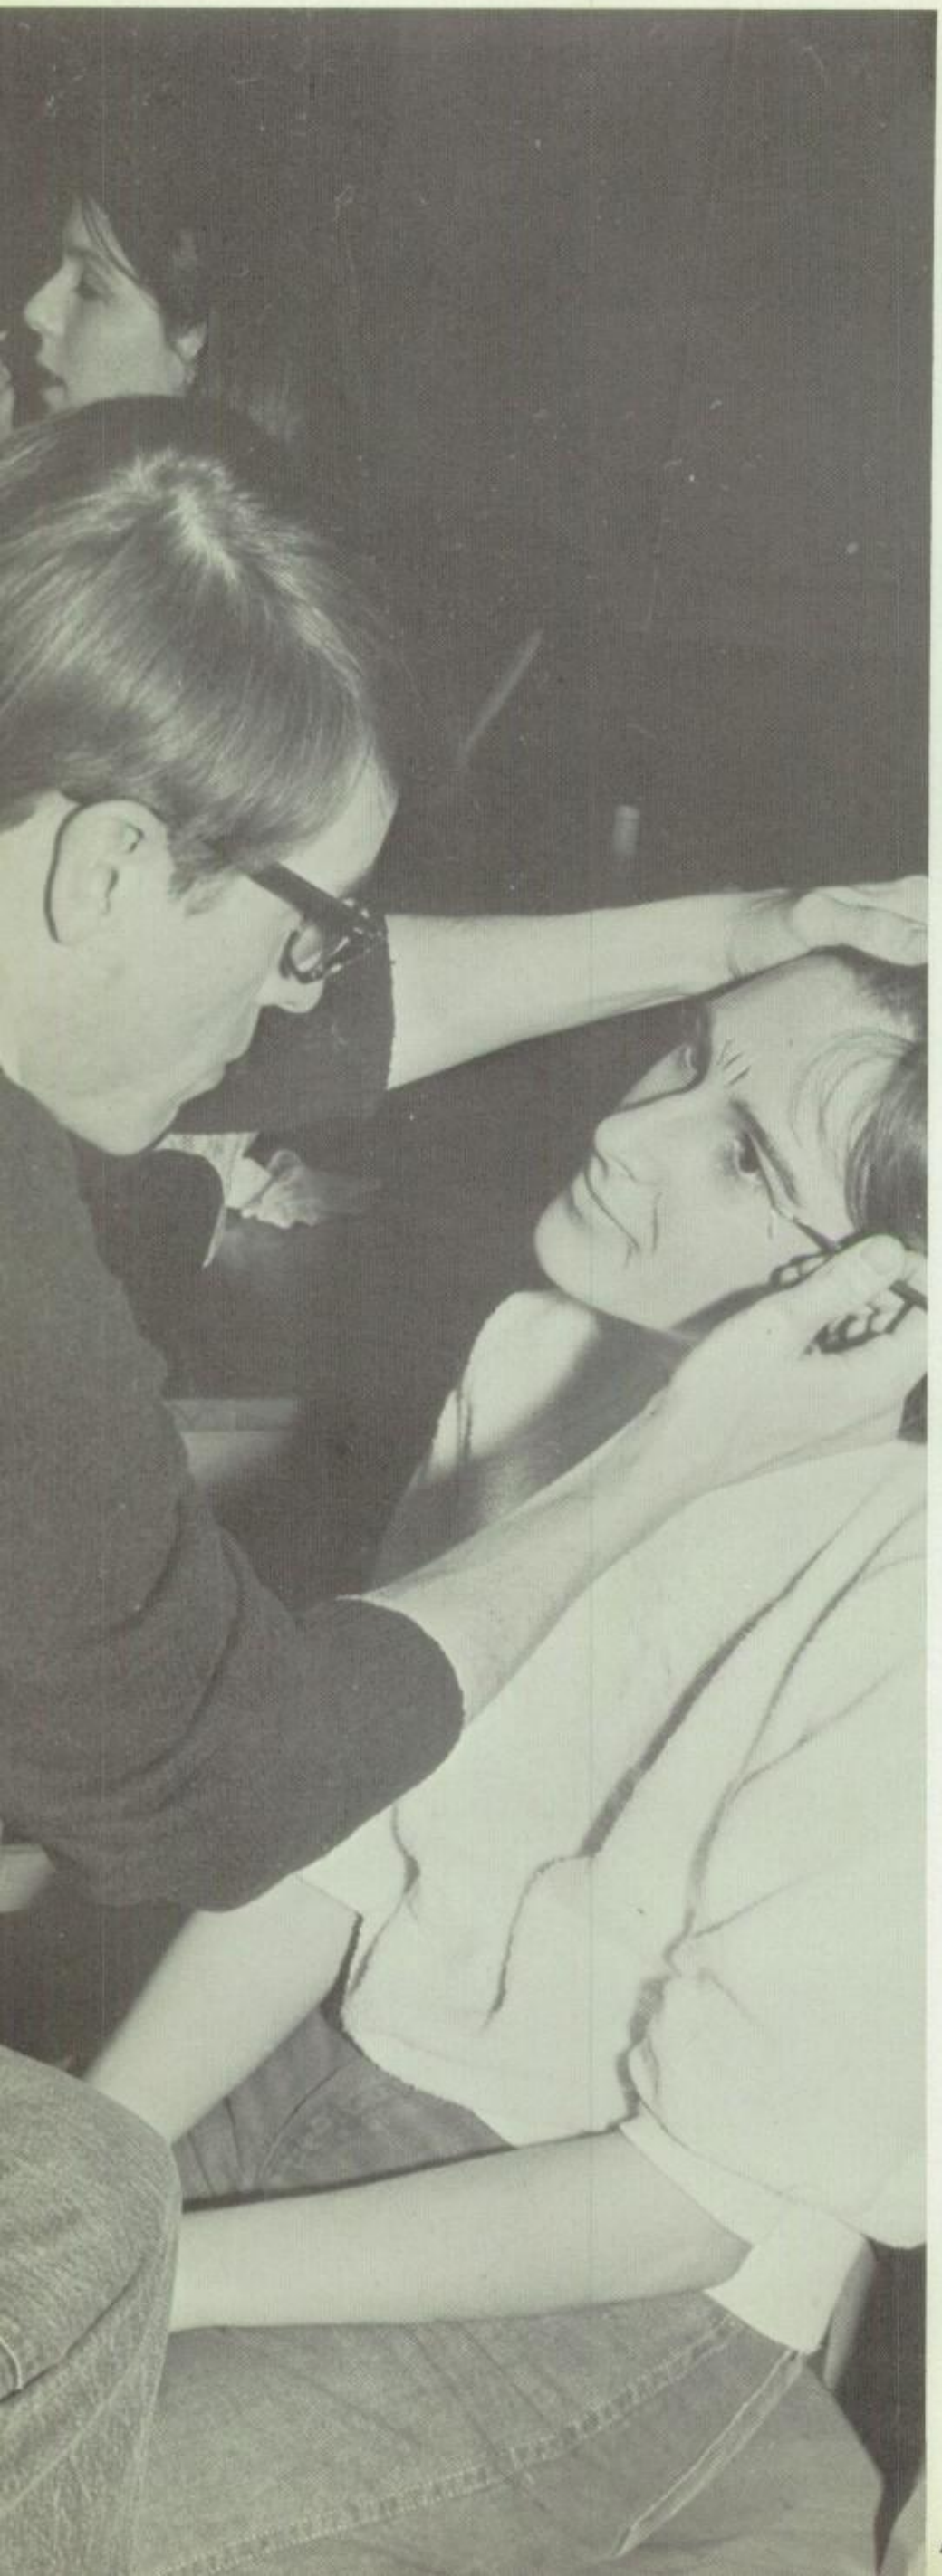
o Get To The Moon

During "May Day on the Moon," everyone was somewhere out in space; or so it seemed.

The Queen, Linda Mellott, and her court, Betty Elliott and Donna Schultz, senior princesses; sophomore princess, Sandy Cordell; Jennifer Jones, junior princess; Karen Kendall, freshman princess; Anne Marshall, eighth grade princess; and Susie Myers, seventh grade, were all on cloud nine.

Many of the performers were up in the air at one time or another, as you can see by the pictures.

The only ones with their feet on the ground and their hands in the cake were the court jesters.



t's Come" — A Musical!

"They Did A Lot O

February 2, 3, and 4 marked a milestone in the dramatical history of Greencastle-Antrim High School. On these dates a most successful musical, *Bye, Bye, Birdie,* was presented to the public.

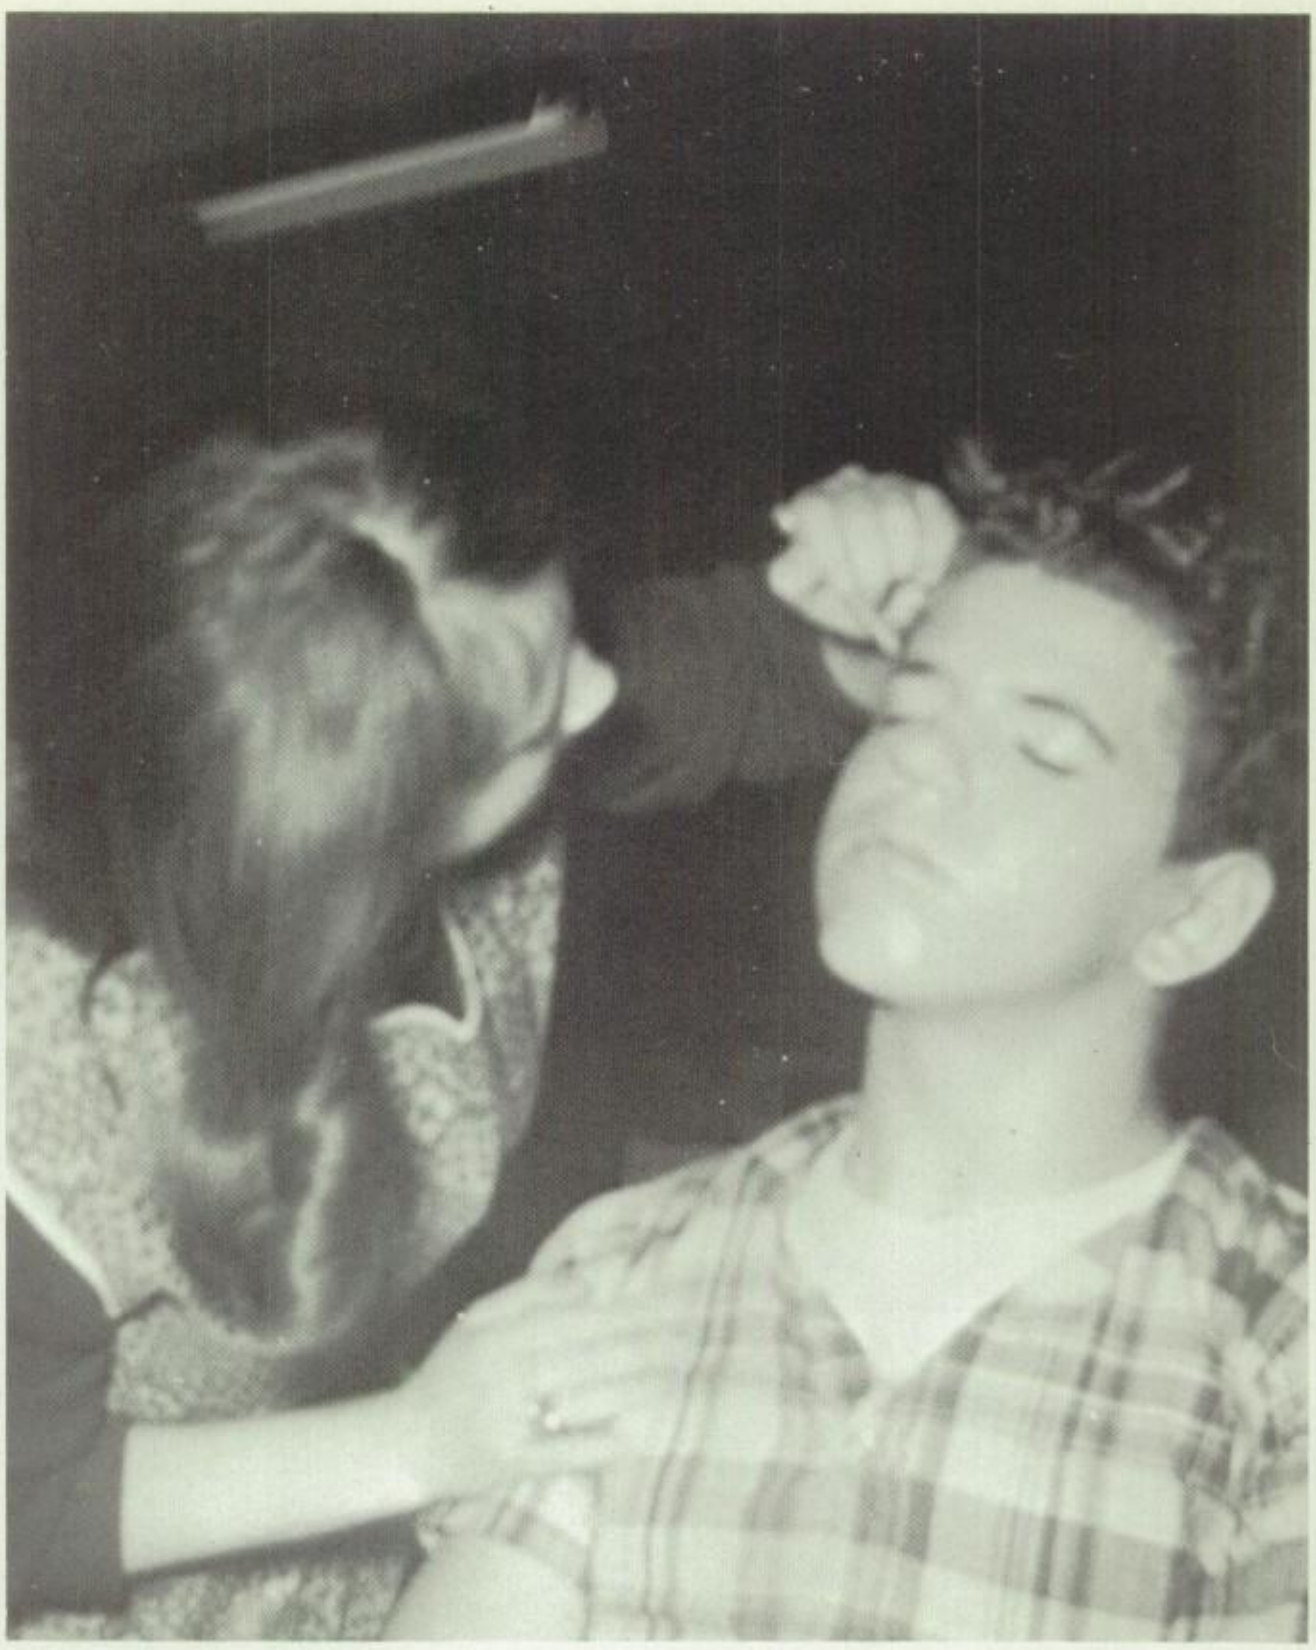
The success can be attributed to the long, tedious hours of hard work put in by nearly a hundred students and faculty members combined. Most outstanding in contributing their time, effort, and talent were Mrs. Champion, director of the entire production; Mr. Beesecker, vocal director; Mr. McCandless, instrumental director; Mr. Gamble, technical director; Mr. Reeder, ticket manager; Denise Walls, stage manager; Patti Zimmerman, Fred Davison, Jim Shockey, Cheryl Spitz, and Kathy Koons, who all held lead parts.

Learnin' and Livin'!"

To 'Break A Leg

The talent of the class of "67" has been portrayed in various ways during our six years here at G.A.H.S. But one of the most memorable ways was our junior class play, "Take Her, She's Mine."

The cast, Lee Kinsey, Becci Nisley, Alfred Monn, Katrina Nowell, Denise Walls, Howard Christophel, Tom Downey, Gloria Zullinger, Karen Ehrhart, Andy Krzyzosiak, Dwight Wingert, Bobby Norris, Calvin Hess, Roy Widder, Ted Henson, Don Spitz, Debbie Cranmer, Dave Van Middlesworth; company manager, Bonnie Barbaugh; director, Mr. Gamble; and all the committees sacrificed six weeks of their time to produce a successful play.



Behind the scenes of a successful play . . .

But it wasn't all work and no play. There were little events like building scenery, decorating a certain car inside and out, sending and receiving bills, and of course, the party.

There were worries that went along with the play, like learning lines, lighting, sound cues, set changes, and some people losing their voices on opening night. Most of these worries were ironed out by opening night, though.

Except for one or two incidents, the play went s m o o t h l y both nights even though everyone was nervous.

Service Encompasses Anothe

Ten cents redeems a book, fifteen cents a piece of clothing at the Student Council sponsored Lost and Found.

The A.V. Club's services have been found invaluable in staging plays and assembly programs.

Mark's excuse must be legitimate—Mr. Jones is smiling.

Aspect of G.A.H.S.' Action

Every Tuesday, through the Bank Day program, students are provided with a way in which they can save money.

A highlight of the year is the magazine drive. It is through this drive that our professional assemblies are paid.

How Is Your Half Hou

Three times a day there is a mad rush made for the cafeteria.

There are many ways in which the "social half-hour" is spent. Some students use it as a study hall for finishing an English assignment or studying for a history test. Most of the students use the half hour as it was meant to be used, for eating. There are a few, though, who don't eat any lunch but just survive on ice cream.

Of Leisure Spent?

Life at G.A.H.S. is Not "Al

The Student Council sponsors one dance a month. They decorate with the theme of the month. They also have local groups or combos to provide the swingin' music.

When we do not have Student Council dances, we provide our own entertainment by having parties. Here the "action" consists of crazy games; frantic dances—monkey, jerk, frug—; incessant chatter; and continuous eating.

This year's council, composed of 44 senior high students headed by Calvin Hess and advised by Mr. Smelser, has successfully completed arrangements with the Rotary Club to bring an Argentine girl to G.A.H.S. as an exchange student.

The council has sponsored a dance every month; at the Valentine's Dance Nancy Myers and Tom Stine were crowned King and Queen of Hearts. For a service project the council contributes $10 a month toward the support of a South Vietnamese orphan. In the spring the council organized talent show gave G.A.H.S. students the opportunity to demonstrate their talents.

Calvin addresses the student body during the installation assembly.

Ross, Jim, Becci, Bonnie, and Brenda reveal by their expressions the excitement of being "tapped" for the National Honor Society. Miss Martin and Miss Williams are assisting Jim and Brenda with their gowns.

To be inducted into the National Honor Society is one of the greatest honors a high school student can receive. The National Honor Society is a strictly honorary organization. Two thirds of the membership must be seniors. The members are inducted into the organization during an assembly for the ninth through twelfth grades. Qualifications for selection are leadership, character, scholarship, and service. Faculty members conduct the election. Popularity is not a basis for this.

The parents of the new members are invited to the induction assembly. Following this assembly, the new members and their parents are honored at a tea.

Functions of this organization include serving as guides when the sixth graders visit the high school and planning the induction assembly.

In order to maintain membership in the Society, members must maintain the requirements used as a basis for their election.

Students volunteer their service in the library as aides, not only to help the school and community but to gain knowledge in library work. Under the guidance of Miss Rowland, Mrs. Snyder, and Mr. Byers, aides check books for students and replace books on the shelves. Pasting date slips and pockets in the back of books and pasting articles for the clipping file are among some of their additional duties.

Reshelving some of the new books, Sally George demonstrates how library aides are of value to the school and its facilities.

For Convention in Harrisburg

Assisted by Mr. Besecker, Jim Shockey, Nancy Stotler, Fred Davison, Cheryl Spitz, and Jeff Peiffer practice their music for District Chorus.

The Senior High Vocal Music Department has had a very busy and successful year.

The highlight of the year was an invitation for the Choir to sing in Harrisburg for an audience of State Sabbath School delegates. Included in this audience was Governor Shaeffer.

The Concert Choir with 98 strong voices presented a concert at Christmas and one in the spring. "Ane-Ma-Amin," *The Nutcracker Suite,* and *The Halleujah Chorus* were among selections sung by the choir at Christmas. During the Spring Concert, they presented numbers such as "Crucifixes," "Clap Your Hands, "The Lord's Prayer," and "How the West Was Won."

The Choralaires sang selections from the 16th through the 20th centuries at several community Christmas functions and the Christmas and spring concerts.

The Men's Chorus with 23 voices once again presented songs that have the humorous touch.

Members of the Choir feel this has been a most rewarding and eventful year.

Band Members Spor

The Senior Band members, with their new uniforms as an incentive, have completed another active year. The Band has won prizes in the Chambersburg Halloween Parade and the Alsatia Mummer's Parade.

Two of our more talented musicians, Raetta Daugherty and Fred Davison, had the honor of performing in District Band. Selected members attended County Band in March.

The Band members' uniforms are navy and gold. The trousers have two thin gold stripes down the legs. "Greencastle-Antrim" is written on each shoulder of the coat, and a "Blue Devil" head is outlined in gold on the back with the letters "GA" on the front.

The officers—President, Don Spitz; Vice-President, Nancy Harbaugh; Secretary, Blossom Nowell; and Treasurer, Patty Kelso—planned the activities of the organization.

F.H.A. Sponsors First "Battle of the Bands"

Cheryl, Jelena, Debbie, Cindy and Kathy, members of Jennifer Jones' planning committee, discuss plans for the "Battle of the Bands Dance" with Lester and Don, members of the Rhu-Teens.

The Future Homemakers, under the leadership of Miss Malkin and Mrs. Thomas, have done various activities throughout the school year. In October the six officers attended the Fall County Membership Meeting. Clothes were bought for needy children at Christmas. A State Meeting was held in Harrisburg in January. After the State Meeting was over, the F.H.A. attended the Annual State Farm Show at the Arena. Also in January, the F.H.A. sponsored a "Battle of the Bands" Dance. Three bands—the Rhu-Teens, the Mods, and the Stowaways—were voted on by those who attended. The Rhu-Teens won and were awarded a trophy

Fifty-seven members are in the F.H.A. The officers for this year are President—Sally George, Vice President—Debbie Cook, Secretary—Edna Kinch, Treasurer—Carol Poe, Chaplain—Jelena Baker, and County Representative—Jennifer Jones. The club meets on Monday.

F.F.A. Basketball Team Enters County Competition

The Future Farmers of America is a voluntary membership organization of boys who are students of vocational agriculture. It supplements the regular instruction by providing opportunities for leadership development and cooperative activities.

Under the supervision of Mr. Reichard, the boys of this organization undertook many projects such as preparing a float which was entered in the area Halloween parades, improving the conditions surrounding the "school farm", planting a crop of wheat, and participating in a basketball game with other chapters in the county. Along with these activities the boys made their annual field trip to the Farm Show, at Harrisburg, Pennsylvania.

The county F.F.A. Association sponsored a contest where the boys competed in practical phases of agriculture. Winners received scholarships that will assist them in furthering their education in the field of agriculture.

Since specialization in just one particular field of study has come about, many people have lost the knowledge and knack to do many small things. The A-V Club teaches students how to do some of these small things such as operating and repairing projectors, tape recorders, record players; working the stagelights; and the distributing this equipment. Often these students come to the aid of teachers who have not had this special training.

Chess is one activity that anyone from the seventh through the twelfth grades is eligible to participate in, including girls, which so far have not ventured this undertaking. Chess is a skill that requires an orderly mind, for much concentation and planning is needed for each move that is made.

Hobby Club Aids Red Cross

Officers of the Hobby Club, Shirley Faust, Vice-President; Linda Roof, President; and Noralee Wagaman, Recording Secretary discuss plans with Mrs. Clark for future Red Cross Projects.

The Hobby Club divided its time equally between Collection Hobbies and Red Cross Volunteer Activities. Each Hobby Club member displayed his or her hobby collection during a Hobby Club meeting. Along with the collection display, the collectors shared with members interesting information about particular items in their collections.

In addition to preparing envelopes for the local Red Cross Fund Campaign, the Hobby Club designed and made holiday tray favors. The Franklin County Red Cross Chapter sent these favors to the Chambersburg Hospital, Menno Haven, Franklin Farms, and Veterans hospitals.

It's been a busy year for our "Hobby Clubbers," but with plenty of energy left they finish off their year viewing Pennsylvania's finest collections at the new William Penn Museum in Harrisburg.

FRONT ROW: J. Barnhart, M. Adams, R. Oberholzer, R. Harshman, D. Martin.

The Devils rally around Coach Smith with a cry of "Let's Go!", anxious to begin the game.

The Soccer Team this year had an overall record of 7 wins—4 losses—1 tie. The second half record was 5-1; the Devils' only loss was to the champion Waynesboro team, 3-2. This second half included a victory over the defending champions, James Buchanan, 2-1.

This year we are losing only 3 starters by graduation and 11 lettermen will be returning so prospects look good for the 67 season.

Joe Barnhart was named to first team of the County All-Conference Team. Jeff Rowe, Delbert Myers, Gary Trumpower, and Greg Colbert were named to the second team. Eight other players received honorable mention to this All-Star Squad that was picked by county newsmen.

Spirit Throughout Season

As the girls refresh themselves with orange sections, Mrs. Delbaugh tries to instill new vigor into the team.

This hockey season has not recorded any victories as far as the scores show. However, a goal of team play has been achieved which has been a definite victory for our team. Excellent sportsmanship is also a fine attribute of our hockey team, and it is with great expectation that we look forward to our next season.

The mighty varsity Devils captured the Adams-Franklin Basketball Conference Championship this year after an absence of three years. It has been only one year, however, since we were Franklin County Division Champions.

This year has proved to be a very exciting and awarding one for the Devils. Our two victories over South Hagerstown and one over Shippensburg broke the three year's record of twenty-four consecutive losses to non-conference opponents.

The team boasted three high scorers this year. Sam Rogers lead in scoring and rebounding with 207 points; he was followed closely by Mike Adams with 171 points and Joe Barnhart with 152 points.

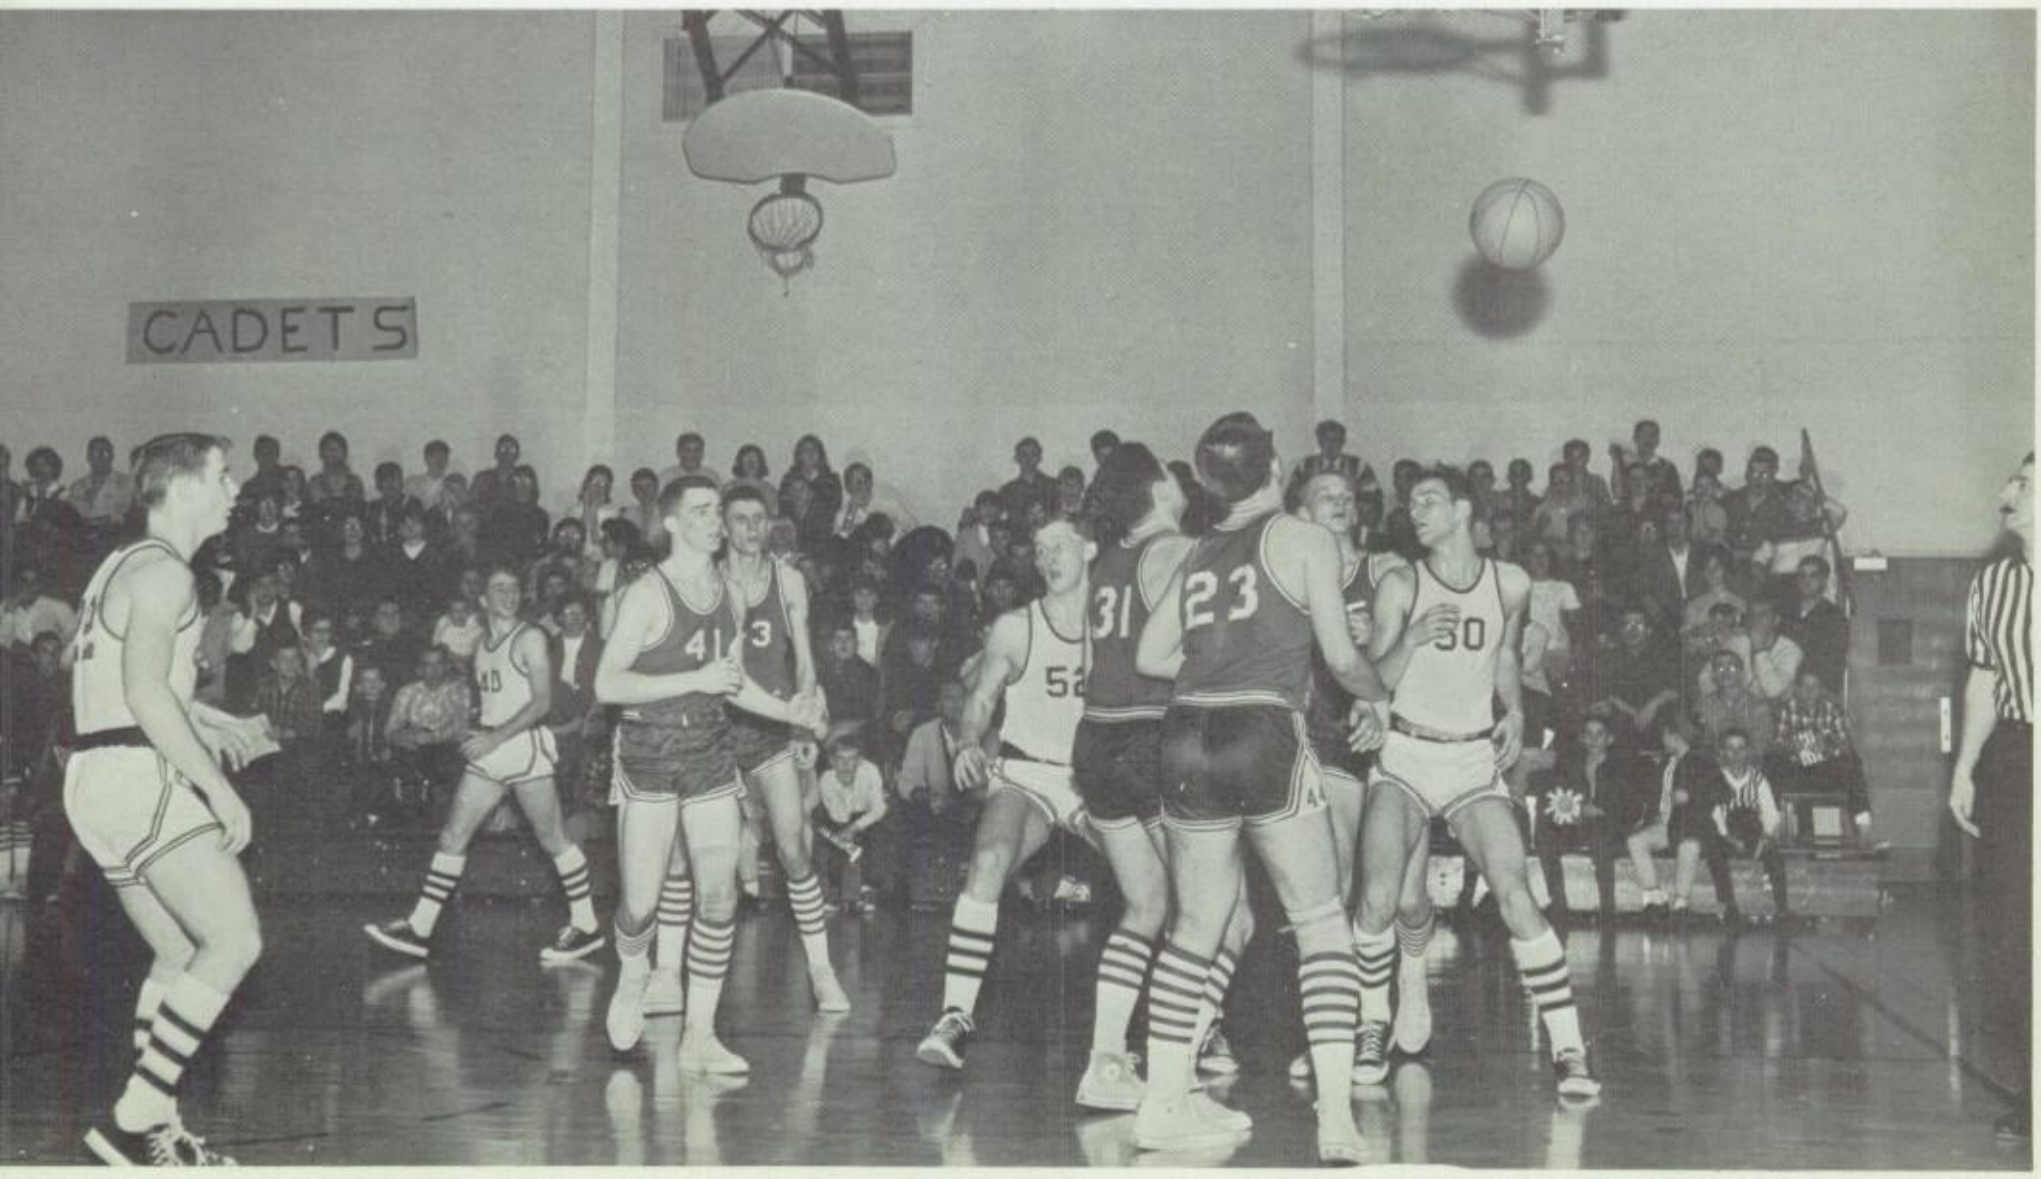
Adams-Franklin Championship

The team listens intently to Coach Schenck's "game winning strategies."

With power and ease Sam Rogers taps the ball away and the game begins.



It looks like two more points for our Devils as Scotland awaits the ball.

Devils "Shoot 'em high, Pass 'em low"

Mustn't be enough action in the game for G. Trumpower and J. Rowe.

What's this?—M. Adams giving an imitation of a famous Globetrotters' pass.

R. Davis stretches for the ball in an effort to steal it from Scotland.

J.V.'s Post 6-4 League Season

Despite aggression D. Hoover jumps for a shot.

The J.V. team had an up and down season winning only four of twelve non-league encounters but coming back to be victorious in six of ten league games for a final record of 10-12.

Gary Trumpower and Galen Hess led the attack by scoring 228 and 223 points respectively; Don Wingert's 198 points gave him third place.

Final statistics show a well-balanced attack with Gary Trumpower leading the team with an average of 13.6 points per game, Don Wingert—12.0, Greg Colbert—11.3, Galen Hess—11.2, and Ben George—7.3.

Junior Cheerleaders Boost Teams' Spirits

The junior high cheerleaders are selected from the seventh, eighth, and ninth grades. The junior varsity squad is composed of seventh and eighth grade members, and the varsity squad is composed of ninth grade members.

The addition of a second junior high squad has made a significant improvement in their enthusiasm for cheering at junior high sports' events.

Their zest added color to our school spirit as our teams competed interscholastically.

The Varsity team listens intently as Coach Rosenberry gives a few pointers.

T. Cisney and M. Wood wait anxiously for their chance at the ball.

For the first time in six years the Girls' Varsity Basketball Team completed the season undefeated. Our team won eleven games, a feat requiring much determination and hard work. The Varsity team was composed of 3 seniors, 2 juniors, and 2 freshmen. Karen Pollock was high scorer with 177 points, Bonnie Statler second with 126 points, and Sandy Bear third with 117 points.

One of the qualities of this year's team was their outstanding teamwork. They were always equal to the situation whether it was holding off the opposing team's comeback attempt or coming from behind to win.

The Junior Varsity Team, composed of 12 girls, played 7 games. While they were winless, they gained much experience through their competition.

With a burst of speed, Bill crosses the finish line to capture first place in the half mile relay with Southern Fulton.

1967 will be a rebuilding season for our thinclads. The 1966 squad was the smallest in the last two years, consisting of only twenty-five members. We lost nine outstanding members through graduation, but nine award winners are also returning.

Physical ailments prevented Gregg McLanahan from capturing the district and state mile titles. Bill Beck and Rich Davis represent our two towers of power for the coming 1967 season.

Various new records were set by the squad last year. These were:

DISTRICT

Gregg McLanahan—	880 yd Run 1:59.8 One Mi. Run 4:23.8

The 1966 G.A.H.S. Cross Country Team had a successful season with 6 wins and 2 losses. A few veterans and some beginners made up the 16-member team. The Cross Country Course was extended to 2.7 miles this year due to an extension of school property. Coach Rishel is looking forward to an even more successful season next year when five of the teams "top six" runners will be returning.

The G.A.H.S Baseball team proved itself worthy of our praise once again in 1966, by winning the Franklin County Championship. The Blue Devils surged to victory with a record of 9 wins and 8 losses.

Sam Rogers led the team in pitching with a record of 6 wins and 2 losses. Greg Oberholzer led the team in batting with an average of .429, followed by Barry Keller who contributed a .388 average.

Although the team lost regulars Nick Barnhart, Mike Butala, Carl Piper, and Marvin Shew due to graduation, it is looking forward to another successful season in 1967.

GIVE YOUR GRADUATE
A GIFT OF SECURITY

It's graduation time—certainly the most important time in a young person's life.

Why not make your gift an important gift . . . one that will grow with the years.

Inquire now about the many plans created especially for young people by the Metropolitan. The features of these plans will appeal to you—and to your young graduates.
